Description A paragraph describing the vendors that can be found at the market
The local crafts on offer and if hot food and beverages are sold here.
A little on the amenities available and Dingle town itself along with any places of interest nearby. .

We visited Dingle market a few weeks ago. Its a very small market with very little produce stalls. There were however a number of local craft vendors selling their wares. There are plenty of places to eat in town just not right at the market.
